S

So is the next header in an article in one of those Santa Barbara rags that can't stop writing about Big Mike going to be, "Stoker: What a strange short trip it's been?"

Just came back from a TRI event. Every single moment of my youth spent trying to not be an engineer was well spent.

Thanks for asking, we rescued Becky Sunday night. After living seven months in her car, the combination of the car breaking down, getting towed, which forced her to do the library by day, riding public transportation by night routine and our consistent Lassie Come Home emails did the trick. She's recuperating in the spare bedroom, [REDACTED]

F – according to Debbie Jordan, this is a good thing and she's quite pleased (maybe that's because she won't have to be the acting RA for much longer). Seems like a Republican of the old variety and is married to the current R9 deputy Regional Counsel.

Hmmmmmm ... I'll reserve judgement.

S

Subject: Announcing John W. Busterud as the Regional Administrator for Region 9

Colleagues,

I am pleased to announce the appointment of John W. Busterud as the Regional Administrator for Region 9. John will join our colleagues in San Francisco on Tuesday, February 18, 2020. Please join me in congratulating John and welcoming him to EPA.

John Busterud comes to this role with over 30 years of experience as an environmental and energy attorney. Most recently, he was Senior Director and Managing Counsel, Environment and Real Estate, Law Department, Pacific Gas and Electric Company (PG&E), in San Francisco, California from 1985-2016. At PG&E, he managed a broad practice including air and water quality, hazardous materials compliance and remediation, endangered species, and legislative and environmental policy matters. During his tenure at PG&E, John served as an industry representative on EPA's Clean Air Act Advisory Committee from 2012-2017.

John is also a retired U.S. Army Colonel with multiple Combined, Joint and Interagency assignments, including active duty deployments in support of Operations Iraqi Freedom, Enduring Freedom and Combined Forces Command on the Korean Peninsula.

Most recently he served as a board member for the California Council for Environmental and Economic Balance, Vice Chair of the California Veterans Board and Chair of the Foundation for Relief and Reconciliation in the Middle East.

John received his Bachelor of Arts degree from Union College, New York, and his Juris Doctor from the University of California, Hastings College of the Law. He is also a graduate of the U.S. Army's Command and General Staff College.

John Busterud's extensive background in energy and environment issues makes him a great choice to lead Region 9. I look forward to working with him in advancing the agency's mission of protecting human health and the environment for all in the Pacific Southwest.

As we welcome John to Region 9, please join me in thanking Deborah Jordan who graciously stepped up to serve as the Acting Regional Administrator during this transition. Deborah will return to her position as the Deputy Regional Administrator.

Andrew Wheeler
Administrator
